

GUIDE FOR AUTHORS

Call for abstracts

Olt J.; Kikas T.; Meneses L. (Editors)

Tartu – Estonia

The submission and review of papers for the Conference Biosystems Engineering will be managed in an online conference management system called EasyChair. This system will make the submission and management process easier for the users and for the editors. Once the abstract or the manuscript are submitted the author can check the code of the submission, update information about the submission and track the review status. As a new user, you will have to register before submitting your abstract or manuscript.

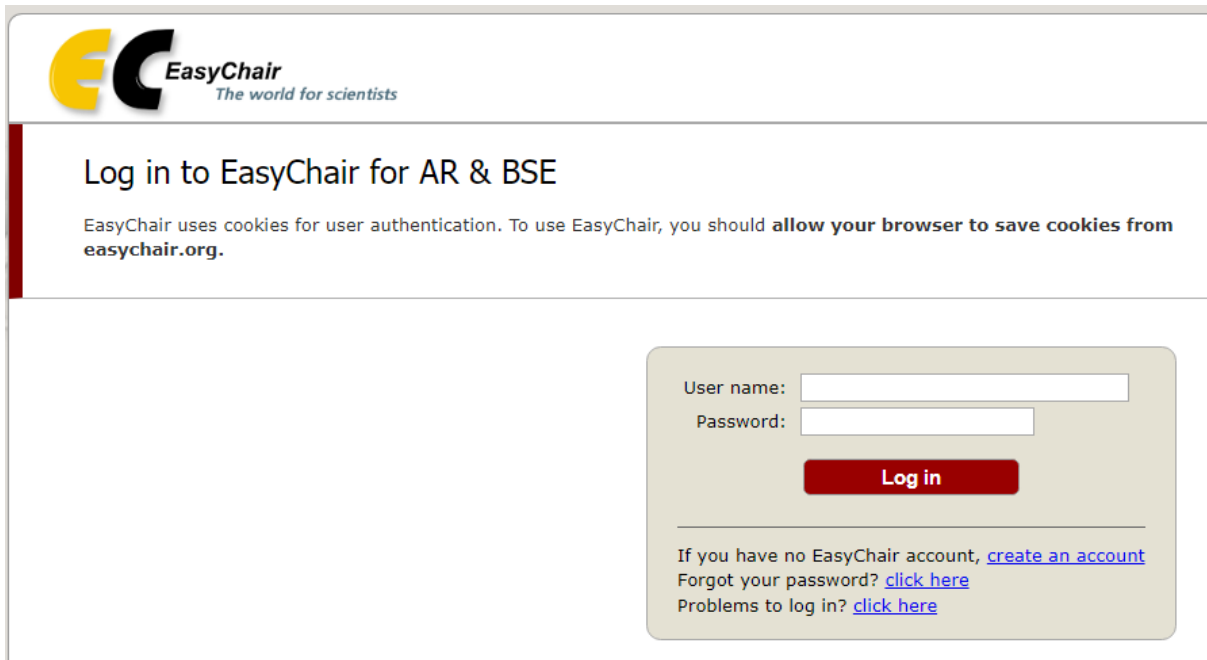

Authors of the accepted abstracts will be invited to submit their full papers (including figures, tables and references) through the platform. The authors will be notified about the successful submission of the manuscript immediately after submission. All papers will be rigorously peer-reviewed by specialists in the specific field before acceptance.

If you run into any technical issues, please contact us at: bse@emu.ee

Author Information

For each author please fill out the form below. Some items on the form are explained here:

- **Email address** will only be used for communication with the authors. It will not appear in public Web pages of this conference. The email address can be omitted for not corresponding authors. These authors will also have no access to the submission page.
- **Web page** can be used on the conference Web pages, for example, for making the program. It should be a Web page of the author, not the Web page of her or his organization.
- Each author marked as a **corresponding author** will receive email messages from the system about this submission. There must be at least one corresponding author.
- One of the authors should be marked as a **presenter**. If you are not sure, choose your best guess.

Step 4

Scroll down, add the title of your abstract and the abstract itself as plain text.

Title and Abstract

The title and the abstract should be entered as plain text, they should not contain HTML elements.

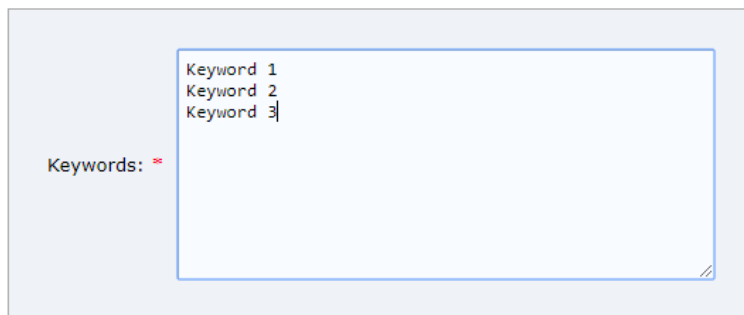

The form consists of a light gray background. At the top, there is a label "Title: *" followed by a white text input field. Below this is a horizontal line. Underneath the line is the text "The abstract should not exceed 500 words". Below that is a label "Abstract: *" followed by a large white text area with a small diagonal icon in the bottom right corner.

Step 5

Add at least 3 keywords (one per line).

Keywords

Type a list of keywords (also known as key phrases or key terms), **one per line** to characterize your submission. You should specify at least three keywords.

The form consists of a light gray background. On the left, there is a label "Keywords: *". To the right of the label is a white text area with a blue border and a small diagonal icon in the bottom right corner. Inside the text area, the text "Keyword 1", "Keyword 2", and "Keyword 3" is written on three separate lines.

Step 6

Please select the conference topic relevant to your submission.
